Author: Lene Auestad u0026 Amal Treacher Kabesh

Realese Date: Lanzamiento previsto: @@expectedReleaseDate@@

This book examines how people cannot escape being tainted, whether actively engaged or not, by violence in its countless manifestations. The essays encompass a wide range of theoretical resources, methodological approaches and geo-political areas. They describe how images and fragments of traumatic and violent scenarios are transported from one generation's unconscious to that of another, leading to cycles of repetition and retaliation, restricting the freedom to imagine alternatives and inhabit alternative positions. The authors all work within a psychosocial framework by unsettling the boundaries between psyche-social. Four themes are addressed: violence of speech, violence and domination, repetition and violence, and the possibility of reparation or renewal. Due to its theoretical engagements and the case studies provided, this interdisciplinary collection will be of value to postgraduate and undergraduate students of psychology, philosophy, politics and history.
